PARKER

Makes First Speech Away from Home

**ADDRESSES BIG MEETING IN
NEW YORK CITY**

**Great Enthusiasm Displayed by
Vast Audience.**

HE SCORES REPUBLICAN PARTY.

**Outline of Judge Parker's Speech as
livered Moncay Night in Madison
Square Garden.**

New York, Nov. 1.—Judge Parker is gratified over the ovation he received at Madison Square Garden last night. During his career which extends over 30 years of the political history of the country, he has never before witnessed so much enthusiasm as that which his appearance evoked last night. In consequence he is elated and more confident than ever this morning that the national ticket will carry New York state.

Judge Parker will leave New York at 5 o'clock this afternoon for Newark, N. J. Immediately after he finishes speaking Judge Parker will start for Jersey City where a shorter address, which he is now preparing, will be delivered. He expects to be back at the Hotel Seville by 1 o'clock tomorrow.

Judge Parker denied himself to many callers today in order that he might devote every possible moment to speech-building. Since Saturday last he has been working almost continually upon the seven addresses with which he is closing the campaign. In none of them are there repetitions, each being original.

All statements to the contrary notwithstanding, Judge Parker will speak at Carnegie Hall on Wednesday night, as well as at Cooper Union. The Carnegie Hall address will be one of the most important of the campaign. It has been practically decided that the nominee will not go to Baltimore to deliver an address.

Shortly after noon today Judge Parker went to consult a throat specialist. He has been speaking so much in the open air of late that a slight hoarseness has developed and it is to check this that he has visited the physician.

New York, Nov. 1.—Judge Parker last night made his first platform appearance away from his home at Esopus, since his nomination as the Democratic candidate for president. He addressed a monster mass meeting held in Madison Square Garden, where his reception was attended by a demonstration seldom equalled, both in intensity and the duration of the enthusiasm displayed. The nearest approach was that which followed the nomination of Judge Parker at St. Louis and later the endorsement by the same convention of the candidate's now famous telegram.

Not only was the appearance of Judge Parker cheered but every mention of his name by speakers who preceded him provoked outbreaks of applause.

Hoke Smith of Georgia was making an address at the moment of Judge Parker's entrance at 9 o'clock. Instantly, the great assemblage was one tumult of enthusiastic welcome. Efforts to quiet the meeting failed.

Judge Parker stepped to the fore, but this tended only to excite the audience which refused to subside until 24 minutes of unbroken enthusiasm had passed.

Mr. Smith permitted his speech to stand unfinished.

Judge Parker delivered his speech in a forceful manner.

The tumult of unrestrained enthusiasm which accompanied Judge Parker's utterance to the garden was, in contrast to the close attention given him during his speech of not more than half an hour. While his address was punctuated by applause the throng which filled the garden to its capacity was markedly considerate in its treatment of the candidate. He had but to raise his hand to gain control of his audience. Though his voice was not strong it is said he could be heard in every part of the building.

The doors were not opened until 9 o'clock. Under control of 650 policemen the crowd entered the building in an orderly manner. In less than two hours standing room was at a premium and many were turned away unable to get near the garden.

Judge Parker was escorted to the garden by a committee of 100 of the

EX-GOVERNOR CAMPBELL

**Will Discuss the Political Issues of the Day in
Newark on Saturday Afternoon Nov. 5.
at 2 O'clock.**

Attorney B. F. McDonald, chairman of the Democratic County Executive committee, was informed Monday evening by State Chairman Garber at Columbus that in all probabilities Hon. James E. Campbell, ex-governor of Ohio, could be secured to speak in Newark next Saturday afternoon. November 5. Mr. Garber wired Governor Campbell asking him to speak in Newark that afternoon as he will be in Coshocton on the evening of that day.

Tuesday morning a reply came from the governor accepting the invitation to visit Newark, so it may be stated authoritatively that Mr. Campbell will be here next Saturday afternoon.

BY FIRE

**American Consulate at Amoy, China,
is Destroyed With All of Its
Records.**

Washington, Nov. 1.—The state department received a cablegram from Amoy, China, announcing the destruction of the American consulate there, together with valuable papers. The message came from Consul John H. Fessler at Amoy and reads as follows: "Consulate burned with most of the records."

Shot From Ambush.
Valentine, Neb., Nov. 1.—Four persons were shot, two perhaps fatally, at a dance hall near Fort Niobrara. Raymond J. B. Smith, a quarter-blood Indian, and Lulu Johnson each received bullets through the body, from the effects of which they will probably die. Arthur Trumbull, a livery driver, and John Stratton were seriously wounded. The injured persons were preparing to leave in a wagon when fired upon from ambush. The two horses were killed. The party which did the shooting escaped.

GARBED

**In Her Night Dress, Woman Rode at a
Mad Gallop to Save the Pas-
senger Train.**

St. Paul, Nov. 1.—Presence of mind of Mrs. Horace Spaulding, residing a few miles south of Lacrosse, Wis., saved many lives on a Burlington train and averted property damage amounting to thousands of dollars.

Mrs. Spaulding was awakened by a passenger train in the night. She rose and looked out of the window. A bright light north of her home along the route of the Burlington attracted her attention and investigation revealed the fact that a small bridge was burning. Without stopping to dress she hastily saddled a pony. Mrs. Spaulding urged it into a mad gallop, rode over the country roads in the darkness and arrived at the junction just in time to stop an approaching train before it reached the bridge.

Chicago Man's Suicide.
Chicago, Nov. 1.—Rage turned to remorse for the commission of crimes prompted Albert Marek and Henry Hiltz to commit suicide today. Marek was 62 years old.

The committee is arranging to have an out of door meeting provided the weather permits and will have the speaking from the Court House steps. In the event that the weather is inclement the meeting will be held in Music Hall.

Ex-Governor Campbell needs no introduction to the majority of Newark's citizens. He is widely known as a brilliant speaker and his discussion of the campaign issues is sure to be fair and thoroughly interesting. The people of Newark irrespective of party affiliations are invited to hear Governor Campbell speak in Newark next Saturday afternoon, November 5 at 2 o'clock.

A HOAX

**Who That Story of Two Eye Witness-
es to the Shooting of Caesar
Young.**

New York, Nov. 1.—District Attorney Jerome today said as far as he knew there were no eye-witnesses to the shooting of "Caesar" Young the Lookmaker, for which Nan Patterson, the actress is held on the charge of murder. It was reported on excellent authority yesterday that two witnesses to the killing had been found. Mr. Jerome said today that diligent efforts had been made to locate any eye-witnesses but none was found. In his opinion, he said, because of the position of the cab it would have been a physical impossibility for any one to have seen the shooting. Levy and Unger, counsel for Miss Patterson, say that they are unaware of any eye-witnesses to the shooting.

AMES

**Jury Has Disagreed After the Fourth
Trial of Former Mayor of
Minneapolis.**

Minneapolis, Minn., Nov. 1.—The fourth trial of former Mayor A. A. Ames, charged with grafting, has resulted in disagreement. The jury came in after having been out 70 hours and reported that it was unable to agree. The court discharged the jurors. It is likely that all the indictments will be nolle.

Did Not Like Judge's Decision.
Knoxville, Tenn., Nov. 1.—F. M. Buntin, a magistrate at Elk Mills, Carter county, Tenn., was killed by James Powell, 32, who has since fled to the North Carolina mountains and is in hiding. Buntin had tried a case in which Powell was implicated and the latter did not like the decision. Powell cut Buntin's throat from ear to ear.

Famous Stallion Killed.

Lincoln, Neb., Nov. 1.—George Starr, a famous stallion of Nebraska, valued at \$10,000, perished in a fire this morning at Norfolk, Neb.

The first number of the official organ of the Austrian Divorced Catholics club has appeared. According to it there are in Austria no fewer than 200,000 divorced persons, the majority of whom desire to marry again.

Mr. Knabenshue Sails in His Airship

**SHOWING THAT PROBLEM OF
NAVIGATION IS SOLVED**

**Thousands Witnessed Test at
World's Fair Ground.**

HE RETURNED TO SAME SPOT

**After Navigating the Air in Baldwin's
"Arrow"—Steered Against the
Wind.**

St. Louis, Nov. 1.—The center of aeronautics has been changed from Paris to St. Louis by the wonderful achievements Monday afternoon by A. Roy Knabenshue, the young Toledo aeronaut, with the Baldwin air ship, the Arrow. He is the hero of the hour. Though delighted with the great exhibition of Monday afternoon, exposition officials will strive to bring about even greater results. The enormous ship of the Frenchman, Hippolyte Francois, is to be put to the test as soon as the great gas bag can be filled and the car attached. By Thursday at least it is thought, this airship will be ready to attempt to lower the laurels of Knabenshue and Baldwin.

The \$100,000 prize is now in danger. Without a doubt it was shown Monday that the airships at the fair grounds can fulfill the "mile and return" condition of the contest and if the estimate of the timers Monday is correct, the time limit of 18 3/4 miles per hour was also reached by the Arrow.

St. Louis, Nov. 1.—After circling in every direction at a height of 2,000 feet above the casework, in sight of thousands of cheering, enthusiastic spectators on the World's Fair grounds, Roy Knabenshue, of Toledo, Ohio, in command of the Baldwin airship, returned to the place from which he had started over the same course that he had come, covering the three miles and a half of the round trip under his own power, and demonstrating the claims of the inventor, Captain Thomas S. Baldwin of San Francisco, that the "California Arrow" is not only dirigible, but that it can make headway against a moderate breeze.

Knabenshue started from the aeronautic concourse at 3.37 p. m. and returned after his remarkable flight at 4.05 p. m. On the return trip the airship sailed slowly over the exact spot from which it had risen 20 minutes previously, and glided about 100 feet further west, where it settled gracefully to the ground.

The descent of the Arrow was the signal for a demonstration, the equal of which has not been seen since the wheels of the World's Fair started last April. Dozens of eager hands were upstretched to grasp the frame of the airship, and the flying machine, with its daring navigator, were carried around the concourse upon the shoulders of shouting men.

Hats were thrown in the air, and when Knabenshue called for three cheers for his home town they were given with a will, and other round followed for Knabenshue and Baldwin.

The successful flight came as a climax to a day full of discouragement. Baldwin and Knabenshue had worked for 26 hours without sleep in order to prepare its flight, and the first essay at an ascent, with Baldwin himself in command of the airship, had ended disastrously. The Arrow fell suddenly to the ground, breaking one of the blades of the propeller.

After a hasty examination Baldwin announced that the damage could be repaired at once and said that Knabenshue would attempt another flight in a half hour. The crowd, which was being momentarily augmented, cheered the announcement and patiently awaited while the repairs were being made.

At the time Bal. in had stated the airship was again brought from the aerodrome and fully groomed for the flight. At a signal from Knabenshue the airship was cast loose and the motor started.

The Arrow rose slowly and easily, its prow directed toward the west. When at a height of about 25 feet Knabenshue turned the rudder and the aerial craft, answering to its helm, pointed south and continued its flight without interruption.

Knabenshue at that time was high enough to clear the aerodrome fence, and as he boldly approached the crowd held its breath, fearing that the craft would be dashed against the

ELDER PASSES AWAY

**Archbishop of Cincinnati Diocese Claimed by Death
--Oldest Prelate in Country--Scene in Death
Chamber--A Brief Sketch.**

WM. HENRY ELDER.

Cincinnati, O., Nov. 1.—After an illness of four days from grip and weakness, William Henry Elder, 86, archbishop of Cincinnati, passed away before midnight Monday. His last utterance was a prayer, the venerable prelate being conscious during his last hour.

Those present at the bedside were Coadjutor Archbishop Moeller, Rev. Gallagher, Archbishop Elder's secretary, Dr. De Courcy and several Sisters of Mercy. They all were deeply affected as with dimmed eyes and with prayers on their lips they watched the passing away of their beloved archbishop.

Coadjutor Moeller announced that the funeral will take place on next Tuesday. Among the messages of condolence received by Coadjutor Moeller was one from President Roosevelt.

Archbishop Elder was not only the oldest prelate in years, but also in tenure of office, in this country. He had presided over this archdiocese for a quarter of a century, and previously was almost as long bishop of Natchez. In person Archbishop Elder was a small, spare man, said to resemble strikingly in form and feature the late Pope Leo XIII. His face was not

**Affected by the Strike of Hoisting En-
gineers in Illinois Mines are
Now Idle.**

Chicago, Nov. 1.—With both employers and employees confident of victory, a strike of 800 hoisting engineers in 210 bituminous coal mines in Illinois went into effect at midnight. The engineers declare that the strike will be bitter and long, and will result in a victory for them. The operators declare that their victory is a foregone conclusion, and that there will be a break in the backs of the strikers within a few days. The cause of the strike is the refusal of the engineers to accept a reduction of 5 1/2 per cent in wages, the same reduction having been accepted by the miners at the last adjustment of the scale with the operators. The strike affects about 50,000 workmen, but the operators are confident that many of the miners will be running within a few days.

HEART

**Had Ceased to Beat, But He Was
Saved from the Grave by the
Use of a Mirror.**

Bullard, Ind., Nov. 1.—Thomas Leonard, 40, of this town, who had been suffering from a heart ailment for several days, was found lying a severe shock from a fall.

For five years after the accident, Leonard and his wife were unable to do any kind of action. They had been given up as a lost case, but they were discovered by the doctor, who then he breathed steadily.

For five days after the accident, Leonard and his wife were unable to do any kind of action. They had been given up as a lost case, but they were discovered by the doctor, who then he breathed steadily.

NORTH SEA

**Composition of the International Com-
mission Discussed—Squadron is
at Vigo, Spain.**

London, Nov. 1.—Foreign Secretary Lansdowne and Count Benckendorff, the Russian ambassador, further discussed the composition of the international commission which will inquire into the North sea incident. Subsequently there was a meeting of the cabinet. It is understood that Ambassador Benckendorff complained of Premier Balfour's attitude on Vice Admiral Repetto's speech at Southampton. The foreign secretary, however, declined to consider the matter, not coming within his province.

Russian Squadron at Vigo.

Vigo, Nov. 1.—Four Russian officers have gone to Paris with official reports. Admiral Repetto's speech is being read in 200,000 copies of evidence in the North sea incident. The Russian officers here expect the squadron to remain at Vigo 15 days. The fleet will keep up naval drills, making short trips along the coast of Galicia, engaging in target firing and practicing signaling by night.

Coal For Russian Fleet.

La Palmas, Nov. 1.—The Hamburg, Alcock, Blue, Grampus, Castilla, Neoburg and Belmont, the British steamers, and the German, steamer Arco, and Italian, steamer for the Russian Baltic squadron, have sailed. The German steamers for the Cameroons and the British vessels in the direction of Russia.

Oil Excitement.

Rocky Hill, N. M., Nov. 1.—The discovery of oil in the Guthrie-Rose area, well at Lakeside stock yards, 10 miles north of this place, has occasioned the widest excitement in the valley and hundreds are flocking there and are staking mineral claims.

HOSTILITIES IN EAST RESUMED:

**Both Sides Heavily Reinforced—Sec-
ond Battle on Shalke River to
be Serious.**

London, Nov. 1.—(Bulletin)—Your correspondent at Vigo, Spain, wires that the Russian Baltic fleet under Admiral Rojestvensky left that port at 7.30 this morning.

Gibraltar, Nov. 1.—(Bulletin)—All the British warships have cleared for action.

Gibraltar, Nov. 1.—(Bulletin)—Admiral Chas. Beresford's flagship has fired a gun as a signal to all officers to board their ships.

Gibraltar, Nov. 1.—Warlike maneuvers occurred here today with startling suddenness. Early in the day the reservation presented the usual appearance. Then from headquarters a number of aides made their appearance and hurried to the different commanders. In a little time there came a great change. Troops were called from quarters and mobilized. Artillerymen were sent to the great rock where so many guns are posted and ordered to stay by the batteries until further orders. A strong infantry attachment was sent to guard Moles. Later the commanders were summoned to headquarters in the Government House, presumably to be given orders regarding the developments that have caused this unusual display of activity. While all was bustle ashore the Channel and Mediterranean fleets in the harbor began to show signs of life. Important orders evidently had come to Vice Admiral Beresford, too, for from the battleship Caesar, his flagship, a signal gun was fired recalling all officers to their ships. Clouds of smoke and steam soon came from the funnels, anchors were weighed and ships were soon ready for departure. That the mission of the fleet is a serious one was indicated by the fact that the decks were cleared for action. Scaled orders were delivered to Beresford. It is believed the fleet will soon depart. Warships patrolled the straits during the night. A British collier bound for Port Said was held up and brought into the harbor today.

Draft Sent to St. Petersburg.
London, Nov. 1.—Lord Landsdowne has delivered to Count Benckendorff the draft of the convention providing for a commission of inquiry into the North sea incident and it has been sent to St. Petersburg for the Czar's acceptance. When his majesty expresses the agreement to the convention the commissioners will be appointed.

British Ships at Gibraltar.
Gibraltar, Nov. 1.—The British battleships London and Albemarle arrived here from the east today.

Will Kuropatkin Retire?

St. Petersburg, Nov. 1.—The general staff expresses the belief that General Kuropatkin is preparing to retire from the Shalke river as soon as the Japanese advance is developed. They have no hope that the Russians will be able to hold Mukden but a determined stand is expected at Tieling, to the north of the holy city.

Russian Troops Depressed.

Rome, Nov. 1.—The Giornale di Roma claims to have ascertained that the latest publication of the losses has greatly depressed the Russian troops at Shalke river. They now expect to retreat to Harbin, according to the paper, before making another decided stand.

Garrison Suddenly Mobilized.

London, Nov. 1.—The Exchange Telegraph says: "The garrison was suddenly ordered mobilized at 10 o'clock this morning. The fleet is ordered ready to put to sea in a half hour's time."

Want Officers as Hostages.

St. Petersburg, Nov. 1.—It is reported here today that Great Britain has consented to the Baltic fleet proceeding on its way, provided the officers responsible for the North Sea incident are left behind as sort of hostages, pending the investigation of the firing on

(Continued from page 1)

Laird and the aeronaut hadly injured or perhaps killed.

The young man who clung to the frail support that affords the navigator of the California Arrow a precarious foothold did not share the anxiety of the spectators. Waving his cap to assure those who were following his every move, Knabenshue moved toward the rear of the airship. The Arrow pointed its prow upward and answering the pull of the propeller, soared lightly above the fence and rapidly attained an altitude of about 1,000 feet.

Knabenshue again changed the direction of the craft and passed over the crowd in the concourse, who, although hoarse from cheering, did its best to encourage the daring youth in command of the swiftly moving ship. The "chug-chug-chug" of the motor could be plainly heard, and the rays of the sun glistened upon the silver-tinted blades of the propeller, making a halo around the grow of the flying machine.

After proceeding about half to three quarters of a mile westward, Knabenshue turned the airship about and again passed over the concourse, at the same time increasing the altitude until he was about 2,000 feet above the earth.

Sailing first to the northeast and then to the southeast, occasionally making complete turns, Knabenshue continued in a generally easterly direction until over the Cascades, the center of the World's Fair grounds, and about a mile and a half from the starting point.

At that time the barely perceptible breeze that had been blowing from the northwest increased to about 8 miles an hour and veered to the north. In order to return to the starting point it was necessary for Knabenshue to breast this breeze. It could be seen that his first effort to turn the airship from a course before the wind was unsuccessful, and fears were expressed that Knabenshue could not complete the demonstration by returning to the concourse.

He attempted several times to turn to the left, and then suddenly swung the rudder sharply in the other direction and the Arrow came into the wind, staggered a moment, and then, gaining power, came toward the concourse at a speed that caused the spectators to cheer and toss their hats into the air. The demonstration was observed by Knabenshue, who leaned far out and waved an empty ballast bag.

Without deviation the California Arrow continued in the teeth of the breeze, gaining speed and rushing toward the concourse in an imposing manner.

When within a few hundred yards of the concourse, Knabenshue moved forward, the Arrow responded immediately to the downward shaft and sailed toward the ground without a diminution of speed.

Knabenshue entered the concourse from the east at a height of about 200 feet, and slowing the speed of his motor, directed the airship directly over the wooden trestles that had supported the Arrow before the flight started. His momentum was too great to admit of stopping exactly in the place from which he had made the ascent, but the airship settled to the ground within 100 feet.

After Knabenshue had assisted in housing the airship in the aerodrome, he was tendered an ovation. He was introduced to President Francis, of the Exposition, Mayor Wells of St. Louis, and many of the World's Fair and city officials. Knabenshue's mother and wife, who had arrived from Toledo just in time to witness the flight, were present and aided to the young aeronaut's happiness by joining their praise to that of the distinguished men.

Although he had just completed the most remarkable flight in the history of American aeronautics, Knabenshue had only praise for the flying machine which he had directed. His own share in the achievement was secondary, in his eyes, to the manner in which the California Arrow had supported the claims of the inventor.

"There was not a moment," said Knabenshue, "when I did not have complete control of the airship. It needed but the slightest pressure on the helm to change the direction of the vessel, and the old Arrow responded to every demand that I made upon it."

"I also profited by the lesson I learned on the first flight, and when I found that the motor was not working smoothly and evenly, furnishing all the power necessary for a successful demonstration, I let well enough alone and did not attempt to increase the sparking, which action caused the motor to 'go dead' on my trial last Tuesday."

"The mechanical part of the airship worked perfectly. The motor did not miss an ignition and the revolutions of the propeller were steady and powerful. I am not sufficient experienced to estimate the speed at which I moved, and anyway I was too busy most of the time to make any calculations."

"The sensation was most pleasant. No, I did not have time to think about the danger. In fact, there was no real danger. An operator of the Baldwin Arrow needs only to have an average amount of nerve, a little experience as an aeronaut and he can make a successful flight."

Captain Baldwin was extremely con-

timistic regarding the future of the airship.

"I have about determined to leave St. Louis," he said. "In fact, we had taken the Arrow apart and had it packed ready for shipment when arrangements were made with the World's Fair company for additional flights."

"Now I will not be content to leave before I have had several trials for that \$200,000 prize. The conditions are rather severe, but I think that the Arrow can make the required distance within the time limit."

"As a result of this flight I have unquestionably qualified for a trial. Knabenshue went up with instructions not to go far from the aerodrome, to land, and to bring the ship to the ground after a trial of half an hour. He came within two minutes of obeying my instructions to the letter."

"I am now convinced, and I really did not need this trial to do so, that I have a wonderful airship, and we will give daily exhibitions of varying lengths to convince the people of the world that I am right."

Why is it that some dealers are so short-sighted that they would rather sell a few ordinary \$2.50 shoes at a big profit than a good many Sorels at a small profit?

JIMMY BRITT

FOULS JOE GANS AND LOSES THE CHAMPIONSHIP

Referee Graney Promptly Awarded the Decision to Gans in the San Francisco Bout

San Francisco, Nov. 1.—A foul cost Jimmy Britt of California the lightweight championship. In his fight here with Joe Gans, he had sent Gans to his knees in the fifth round and then, losing his head, gave him a vicious punch, and Referee Graney promptly awarded the decision to Gans on a foul. The same thing had happened in the fourth round. Gans had dropped to his knees to escape a blow that did not land. Britt struck at him, but Graney would not allow the foul. In the next round, however, Graney very promptly recognized the foul fighting. It looked almost from the start as if it were Britt's fight. He actually out-boxed Gans and landed blow after blow. In the fourth round it was apparent that Gans was scared, and barring a foul the fight was Britt's to a certainty. While no excuse can be made for Britt losing his head, it certainly seemed that Gans invited a foul. The decision was a great shock to the biggest crowd that ever filled the pavilion, but fair-minded men agreed that Graney's judgment was just.

Britt was frantic with rage when he realized that he had lost the fight, and he rushed at Graney, striking wildly. Graney, who is something of a boxer himself, fought back, but the police interfered and separated the belligerents. Britt declared as he left the ring: "I know that I can beat Gans, and I want to fight him again."

Gans and his followers were highly delighted at the decision and had no complaint coming. After the fight, when Britt had recovered his temper, he apologized to Graney and said: "What could I do when a man fell every time when it was unnecessary? I am sorry I hit him while on his knees, but I could not help it." The fifth round lasted 38 seconds when the foul was declared.

PHILIPPINES

Destination of Twenty-first Infantry—Troops Start West from Minneapolis.

Minneapolis, Minn., Nov. 1.—The Twenty-first infantry marched out of Fort Snelling to the tune of "The Girl I Left Behind Me" and started on their journey to the Philippines. Other companies from Fort Keogh, Mon., and Fort Lincoln, N. D., will arrive in San Francisco about the same time as the Fort Snelling companies, which probably will be Friday or Saturday. Two weeks later the regiment sails for the Philippines.

Cotton Bulletin. Washington, Nov. 1.—The census office issued a bulletin showing that up to Oct. 18, 1904, 7,776,565 running bales of cotton have been ginned in 668 counties located in the various cotton-producing states, as against 3,455,082 running bales reported to the same date in 1903. Counting round bales as half bales, the number of running bales for 1904 is reduced to 5,704,570, and for 1903 to 3,345,702.

Cruiser West Virginia. Boston, Nov. 1.—The armored cruiser West Virginia, which will have her official trial trip over the Cape Ann course on Wednesday, arrived at this port from Newport News, Va. The West Virginia is a sister ship of the Colorado, which had her official trial last week. She is expected to show an average speed of 22 knots for four consecutive hours.

Message From the Sea. Sault Ste. Marie, Mich., Nov. 1.—A note has been found in a bottle at Bay Mills, signed by the captain of the steamer Hudson, and saying: "Steering engine given out; we are all going down. Good bye." The boat foundered about three years ago and no one was saved.

Stanford University that President Jordan has issued an appeal to the whole student body to assist him in running down the criminals.

A STRIKE

Is Ordered in the Plant of the International Paper Company—Six Hundred Men Out.

Berlin, N. H., Nov. 1.—The entire plant of the International Paper company here was shut down on account of a strike. The employees' union laid a number of minor grievances before the board, and some ill feeling was caused by the discharge last week of two workmen who are members of the union. The union thereupon ordered a strike in the local mills, and 600 men were thrown out of work.

German Fisherman's Claim. Berlin, Nov. 1.—The German government has presented to Russia a request from the owner of the German fishing vessel Sonntag recently fired on by the ships belonging to the Russian Baltic squadron, for indemnity as the result of damage to his net and loss of time. The foreign office presumes the claim will be admitted and promptly paid.

Operatives In Want. Boston, Nov. 1.—The situation in Fall River, where the print cloth mills were shut down on July 25, shows little change. The print cloth market is dull. Considerable suffering is reported among the operatives, but it is understood that hardly more than half the strikers are now in the city.

Presbyterian Pastor Resigned. Joliet, Ill., Nov. 1.—Dr. Duncan C. Miller, pastor of Central Presbyterian church, caused surprise by resigning. Neither his reason for resigning nor his plans are announced. Dr. Miller was formerly pastor of Armour mission and is widely known in Presbyterian circles.

Deadlock Broken. Madrid, Nov. 1.—The political deadlock has been broken by the adoption by the chamber of deputies of a resolution, which had the approval of all the different groups, agreeing to refer the question of the prosecution of deputies to the court of cassation.

Football Player Dead. Madison, Wis., Nov. 1.—Elmer Erickson, captain of Houghton High school football team, died at a hospital here of concussion of the brain. Erickson was injured in a game with Mount Horeb High school Saturday.

MURDER

Record in Ohio Has Reached an Alarming Figure—Ten Executions in a Year.

Columbus, O., Nov. 1.—The Ohio murder record recently has reached an alarming figure. Within the year 17 murderers have been executed in the penitentiary and five are still awaiting execution. This surpasses all prior records of former years. Those executed to date were Albert and Ben Wade, of Lucas county; Mike Schiller of Mahoning county; Alfred, alias "Strangler" Knapp, of Butler county; Charles W. Stimmel, of Montgomery county; John Bennett, of Lorain county; Carl Berg, of Fulton county; Albert, alias "Dutch" Fisher, of Lucas and Lewis Harmon, of Franklin.

Those yet to meet fate are: Philip Nagle, of Wyandotte county; Bill Nichols, of Hardin county; Otis Loveland, of Franklin county; Herman Hamilton, of Scioto county, and Alex and Guy of Ross county. Nagle and Loveland die on November 25.

OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be.

We use the whole oil in Scott's Emulsion because the great reputation of cod liver oil as a food and medicine was made by using it in this way. Substitutes in the shape of wines, cordials, extracts, etc., should be carefully avoided.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

PROCLAMATION.

To the Qualified Electors of the City of Newark, Ohio:

You will take notice that on Tuesday, November 8, 1904, at the general election then to be held in said city, there will be submitted to you for approval or disapproval by your ballots, the action proposed by a resolution adopted by the City Council of said city on October 17, 1904, of which here follows is a copy:

Whereas, A. H. Heisey & Company, successors or assigns, has made an application and desires the right and privilege to lay its pipes and mains for the purpose of distributing and selling natural and artificial gas for lighting and fuel purposes, to consumers within said city of Newark, Ohio; and,

Whereas, Said company, its successors and assigns, is desirous of distributing and selling to the consumers within the corporate limits of said city of Newark, Ohio, natural and artificial gas for lighting purposes, as well as for fuel; therefore, be it

Resolved, That at the general election to be held in said city of Newark, Ohio, on the 8th day of November, 1904, there shall be submitted to the qualified voters of said city of Newark, Ohio, the question of authorizing A. H. Heisey & Company, its successors or assigns, to go into operation in said city, upon compliance with the terms and requirements of an ordinance to be passed by the City Council of the city of Newark, state of Ohio, granting the right, privilege and franchise to said A. H. Heisey & Company for the purposes above set forth.

Such election shall be held at such places in the several precincts and wards of said city, as the general election on said date may be held.

That separate ballots shall be used for the vote on said question, and deposited in separate ballot boxes, and such election shall be presided over by the judges and clerks of said general election.

The ballots for said election shall have printed thereon the words:

"Authorizing A. H. Heisey & Company, its successors or assigns, to go into operation in said city of Newark, state of Ohio, upon compliance with the terms and requirements of an ordinance passed or to be passed by said City Council of said city of

NOTICE OF SCHOOL ELECTION.

In pursuance of the law for school elections, the qualified electors of the school district of the city of Newark, County of Licking and State of Ohio, are hereby notified to meet in the regular election precincts of said city in which they are entitled to vote on

Tuesday, the 8th Day of November, 1904,

between the hours of 5:30 o'clock in the forenoon and 5:30 o'clock in the afternoon of said day, at such places in the several precincts and wards of said city as have been designated by the State Deputy Supervisors or Elections for holding the general election for said day, and proceed to elect three members for the Board of Education for the term of two years, and three members of said Board for the term of four years. The qualified electors of said school district will further take notice that on said Tuesday, November 8th, 1904, at the general election then to be held in said city of Newark, there will be submitted to them for approval or disapproval by their ballots, the action of the Board of Education of said school district by a resolution adopted at a regular meeting held on Monday evening, October 17, 1904, which resolution is in substance as follows:

"That it is necessary for the proper accommodation of the schools of said school district to erect an eight room school house on what is known as the Woodside School site in said city, and that the funds at the disposal of said Board, or that can be lawfully raised by said Board without approval by the qualified electors of said school district, are not sufficient to accomplish said purpose, and that a bond issue for the sum of Twenty-five Thousand dollars (\$25,000) is necessary. The qualified electors of said school district are therefore called upon to vote at said election upon the question of the issuing of bonds for said sum of \$25,000."

Ballots and ballot boxes separate from those used for the general election shall be used, and said election shall be presided over by the judges and clerks of the said general election.

The ballots for said election shall have printed thereon the words:

"Issue of school bonds—Yes."

"Issue of school bonds—No."

And electors are required to express their choice in like manner as for the election of officers to be voted for at said general election.

Witness my hand and seal of said Board of Education, this 20th day of October A. D. 1904.

The entire Democratic county ticket will be elected. The only question now is the size of the majority.

All this "holler" about "Republican prosperity" is the shrewdest humbug. Resumption of business activity in all lines, after the panic, began in 1895, less than one year after the passage of the Wilson tariff bill.

The Republican bosses in this county show how extremely hard up they are for an argument against big-hearted Bill Link, when all they can say is, that he has made an efficient and perfectly satisfactory Deputy Sheriff.

No Democrat should be fooled by the false cry that the panic of 1893-'97 was caused by Democratic legislation. The worst of the panic was over before the Democrats had any opportunity to enact a solitary piece of legislation.

Universal Refrigerator Smyser—The American-Tribune said in its report of that gentleman's remarks at the depot, when Senator Fairbanks passed through the city a few days ago—complained of the lukewarmness and hostility of a large number of Republicans in this county toward him. Mr. Martin Luther Smyser will

probably complain a good deal more after the Licking county votes are counted.

Mr. Smyser has deserted Licking county and will probably not again show his visage here during the present campaign. The Republican organ here has dropped any defense of the Republican candidate for Congress and he has doubtless come to the conclusion that it would be a rank waste of energy to attempt a defense of him.

Every old employee of the Baltimore and Ohio shops in this city knows that the policy of retrenchment on the part of that road began in 1891; that it was three full years before the passage of the Wilson tariff bill that the working force began to be gradually reduced, hours shortened and expenses thereby curtailed. This is a matter of history and of fact.

"Remember Democratic free trade times," yell the Republican orators and organs, referring to the industrial depression that swept over the country as the result of Republican legislation. Never was there a more dishonest political rallying cry. Every student of history and every man conversant with conditions in 1890, '91 and '92 knows that hard times began in the Harrison administration.

"We established the gold standard and saved the country's credit," howl the Republicans. Yes, gentlemen, when a Democratic president stood for the gold standard William McKinley was denouncing him from one end of this state to another for his attempt to "exalt gold and debase silver." Since when have you become the financial saviors of the country? When did you discover that the gold standard was the correct thing?

"Stand Pat."

"Stand pat" is the slogan of the Republican party in the present as well as in the last campaign. Let us briefly see what the Republican bosses are asking the independent voters of this country to "stand pat" for.

They are asking the people to "stand pat" for the Dingley tariff bill, which taxes the people of this country 40 cents on every dollar's worth of necessities they buy.

They are asking the people to "stand pat" for a tariff law which means protection for the few at the expense of the many, and which "protection" Justice Miller of the United States Court—a Republican justice—denounced in a decision some years ago as "robbery."

They are asking the people to "stand pat" for the Dingley tariff bill which Havemeyer, the great sugar man, and a leading Republican denounced before Congress as the mother of the infamous trusts which are crushing out the life of the people.

The Republican bosses ask the people to "stand pat" for Rooseveltism with his profligate squandering of the people's money in maintaining an unnecessary army in time of peace; they ask the people to "stand pat" for his Czar-like interference with the judicial and legislative branches of this government; with his intermeddling with the Republics of South America and the nations of the old world and entangling this government with all sorts of complications that may eventually embroil this country in wars with foreign nations, and with his defiance of the declaration of independence and constitution of the United States in trampling them under foot.

Republican bosses ask the people of the United States finally to "stand pat" for imperialism, which means the turning of this free Republic into an empire, which means destroying government by the people and substituting government by an autocrat—as is exemplified by the taking and retention of the Philippine Islands and governing them by absolute force; which means that this alleged Republic shall stand sponsor for and protector of slavery and polygamy as it now does in the Philippine Islands, under the Roosevelt administration. Will the free and patriotic people of the United States "stand pat" for all this and more? We think not. The only way not to "stand pat" for these outrages is to vote for Judge Parker, and the whole Democratic ticket.

W. J. Bryan's Last Word to Democrats.

Every man is responsible for his influence be it small or great. Every Democrat who votes for Parker votes to defeat Roosevelt. Every Democrat who does not vote for Parker, helps to elect Roosevelt. On every question upon which Judge Parker's position is open to criticism President Roosevelt's position is worse; where they differ as they do on many important questions, Parker is right and Roosevelt is wrong. Roosevelt favors a high tariff; Parker favors tariff reform; Roosevelt favors a standing army of 60,000 at the minimum; Parker favors a reduction of the army; Roosevelt has brought the race issue into National politics; Parker would remove the race issue from politics. Roosevelt stands for a colonial policy; Parker favors independence for the Philippines, and would make the promise now; Roosevelt took in to the White House a spirit of war; Judge Parker would substitute for it a spirit of peace.

Four years more of Roosevelt would make economic and industrial reforms more difficult; Judge Parker's election would clear the way for economic issues. Let no Democrat, by voting against Parker, or for refusing to vote take upon himself the responsibility for four years more of Rooseveltism.

W. J. BRYAN.

Has the Republican Candidate for Auditor a Business Record That Entitles Him to Public Confidence?

The following letter received by the Democratic Executive Committee, containing facts that are of great importance to the people of Licking county, is herewith given for their consideration. EVERY STATEMENT MADE THEREIN CAN BE VERIFIED BY AFFIDAVITS AND THE COURT RECORDS OF UNION COUNTY.

Marysville, O., Oct. 24.—The following facts relating to the Union county career of Dr. J. N. Wright may be of interest to the people of Licking county, inasmuch as we understand that the doctor is making a very strenuous effort to convince the people of Licking county of his fitness for the office of County Auditor of Licking county. We have not had the pleasure of seeing the Doctor since he left this county in the year of 1896, but the following facts are still fresh in the memory of inhabitants of our county who were sufferers thereby. Some time prior to the year 1891 the Doctor became possessed of a good farm in the neighborhood of Raymond, in our county. In the year of 1891 he and his wife executed a mortgage to J. J. Dickinson for \$2000, and for a number of years afterward he lived in apparent prosperity, dealing in fast horses and conducting a private training track on his farm to the neglect and ruin of his professional business. In the meanwhile he became indebted to a number of other parties, including some women, for amounts from \$600 to \$15. He being indebted to the Peoples Bank of Marysville for \$250, and to others in total for \$2172. On the 20th day of January, A. D. 1896, the Peoples Bank took judgment for its claim against him. On the same day he executed a mortgage to his wife for the sum of \$2210, and two days later, on the 30th of January, A. D. 1896, he made an assignment for the benefit of his creditors to John Procter. His creditors are still trying to find out how the assignment was of any benefit to them, as after the first mortgage to Dickinson was paid off and the judgment of the bank was paid the mortgage to the doctor's wife ate up all the balance of the proceeds, and to this day none of them have ever been paid anything by the doctor, although some unfortunates who confided in the doctor sufficiently to become sureties on his notes have paid some of the original creditors. So anxious was the doctor to make assurance doubly sure that none of his creditors should receive their claims that when the assignee brought the proper proceedings to sell the real estate the doctor filed

Newark people are taking special delight in comparing the registration figures of Zanesville and this city. They show that while old Zanesville is standing practically still Newark is moving forward at a rapid pace.

The Liberty Bell will pass through Newark on the Pan Handle road on November 18th, enroute from the St. Louis fair to Philadelphia. In Columbus the Sons and Daughters of the American Revolution and the other military, civic, historical and learned societies are likely to give it a fitting welcome. Whether the train will stop in Newark more than a minute or two is not known by Agent J. L. Worth.

The man who failed to register can't say he wasn't reminded through the newspapers.

"Mortality among bachelors from the age of 20 to 45 is 27 per cent, while among married men of the same age it is 18 per cent," says the New York World. "For 41 bachelors who attain the age of 40 years there are 78 married men who attain the same age. The difference is still more striking in persons of advanced age. At 60 years of age there remain but 22 bachelors for 48 married men. At 70, 11 bachelors for 27 married men and at 80, 3 bachelors for 9 married men."

This reminds us of that beautiful stale joke: Why do married men live longer than bachelors?

They don't. It just seems longer.

Disastrous Wrecks.
Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung Diseases by Hall's Store. Price 50c and \$1.00. Trial bottles free.

ARE FOOT FORMED The Reason Why.

The average persons foot hurts, is not because his shoes are either too tight or too loose, but because the shoes are not the right shape for his feet. The shoe he's wearing is either too crooked or too straight a last to suit his foot. We have the sole agency for Ralston Shoes. They are shaped to fit feet.

LET US SHOW YOU THEM.

most prominent Democrats in the city. Heading the escort were Mayor George B. McClellan and Victor Straus, the latter the presiding officer of the evening, and among the others were Admiral W. S. Schley, General Nelson A. Miles, August Belmont, Carl Schurz, Lewis Cass Ledyard, Thomas F. Ryan, John B. McDonald, Perry Belmont, William McAdoo, Harry Payne Whitney, Daniel S. Lamont, Herman Ridder and Edward M. Shepard.

"I have come in response to your invitation to address you tonight, and what you justly term the stronghold of Democratic faith and of Republican revolt."

"More and more, as this canvas has proceeded and the unjust stewardship of the Republican party has been made clear, am I convinced that in this election we are confronted with issues which must be determined right if we are to avoid grave consequences to our country. Our return to old-fashioned ways cannot, in my opinion, be too precipitate, unless we are prepared to shut our eyes to the consequences that will follow if we proceed further along a path that is full of danger to our future. We need what patriotism, devotion to principle and high moral ideals have until late always given us—a government of law and constitutional restraint and not of caprice or reckless adventure."

"We need no new light; we need no new advice, we need no new theories upon this subject; we need the compass or the invention of the brain of no man, however intelligent, however well disposed he may be, to devise for us what he conceived to be for the best interests of this land. Our fathers determined this for us a long time ago and we have adopted it as a part of our political heritage. We need only to preserve that heritage and to keep our sacred possessions safe from attack, either from without or from within, in order to insure our material prosperity and moral well-being as a nation. And any conception of government such as has been set up for our adoption in this country by the Republican party during the past few years is such an attack both from without and from within."

"We shall go well to pause for a moment to ask whether we are drifting, in our indifference to tight standards and our old-fashioned sense of propriety in such matters. "Congress creates a new department of commerce and labor. Of that department the president of the United States appoints a secretary. That secretary was his private secretary. Within that department provision is made for the collection from large corporations, including the so-called trusts, of information, which, it is to be borne in mind, is to be submitted to the president for public or private use as he may direct. By grace of the same executive, this secretary, through whose department this information is collected, because the chairman of the national Republican committee. His chief duty has been and still is to collect funds for the purpose of securing the election of the president. And it is now notorious that there has resulted from this organized impertinence—whatever may be the precise way in which it is made effective—an overflowing treasury to the committee, of which boast is openly and continually made."

"Although this may be satisfactory to the conscience of Republican leaders, it must, I firmly believe be condemned as nothing short of scandalous, not alone to myself or the Democratic party, but by the American people as well."

"We stand as a country upon the threshold of a great foreign trade. But foreign trade cannot be won by a people which consents to put itself into the leading strings of second childhood. It cannot become the heritage of manufacturers who must be paid a bounty, in order that they may market their own countrymen. It is not to be won by selling at home at prohibitive prices which check consumption and thus lessen production, thereby that products made by the same workman in the same factories may be sold, with freight paid, thousands of miles away for a fifth, a quarter or a third less."

"We are approaching the parting of the ways. Either we want, as we certainly need a foreign trade in articles honestly made by honest and industrious workmen as the result of steady and lucrative employment and honestly sold in all markets or we may look forward to a time, not remote when only a fraction of our existing machinery and powers of production can be utilized and when idleness and demoralization must, of necessity, come as the effect of our own short-sighted policy."

"In due time our farmers, who now furnish so large a proportion of our exports will either reach the limit of productive power, or our own population will consume what the country can grow. What, then, will become of our delusive balance of trade? Where, then, will our artisans find remunerative employment? What, then, will it matter how prudent our investors may be? When other peoples have taken advantage of great economic opportunities how shall we, wearing industrial handcuffs meet our responsibilities to our own people? "What we need to do is to cultivate foreign markets for manufactured products, thus enabling our mills to run to their full capacity, thereby se-

curing steady employment for our workmen. That policy was suggested in their last and great speech of President McKinley which has troubled the "stand patters" ever since."

Republican Meeting.

New York, Nov. 1.—The Roosevelt and Fairbanks league of veterans of the civil war held a Republican ratification meeting in Cooper Union, presided over by General Daniel E. Sickles. Among the prominent Grand Army men on the platform were Major General O. O. Howard, General St. Clair Mulholland, Warner Miller, General L. S. Catlin, General Horatio C. King, Wallace Bruce and Colonel John W. Croghan. General Sickles in his introductory remarks said: "I am a Democrat when I get a chance, but they make such platitudes that I can't stand for them. I can't find anywhere today the good old Democratic party of my fathers."

Fairbanks in Indiana.

St. Wayne, Ind., Nov. 1.—A generous ovation was accorded Senator Charles W. Fairbanks throughout the first day of his campaign tour of Indiana. Leaving Indianapolis, his home city, the senator's train proceeded by slow stages to Fort Wayne, where the principal meeting was held. At all the stations where a stop was made the crowds were large and enthusiastic, particularly so in the cities of Tipton, Elwood, Marion, Huntington and Fort Wayne.

Doesn't Respect Old Age

It is shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c at Hall's Drug Store.

Great Battle Imminent.
Mukden, Nov. 1.—The manifestations of the Japanese in their center, which converges at a point where the plain meets the hills, have attained the greatest importance. These manifestations are being fully met by the Russians, so that the situation at this point of the prospective battlefield is now one of the greatest interest and apprehension. At the present moment the trenches on both sides are crowded with troops, and at many places the Japanese and Russians are within hailing distance. At the isolated hill of Manalon, in the plain, where the Russians 10 days ago captured 14 guns and bayoneted 800 Japanese, the rival forces are only 600 paces apart.

Chinese Bandits Active.
Harbin, Nov. 1.—The activity of Chinese bandits is increasing along the railroad and the region is swarming with Japanese spies in Russian, Chinese and European disguises, who are offering large rewards for the capture of Chinese engaged in supplying the Russian commissaries, hoping thus to cripple the Russian supply department.

Mob Charged by Cossacks.
London, Nov. 1.—A dispatch from St. Petersburg says that the issuance of an order by the governor general of Warsaw for the troops to fire at assassins, in stead of in the air, if they were pelted with stones, led to a demonstration at Wola Oct. 28, and that Cossacks with drawn swords charged the men, many persons on both sides being wounded.

New Russian Loan.
London, Nov. 1.—A dispatch from Brussels to the Standard says that a Russian loan of \$270,000,000 was signed on Saturday. The correspondent adds that the Rothschilds guarantee the success of the whole loan.

Mississippi Planter Murdered.
Port Gibson, Miss., Nov. 1.—Thomas Lanier, brother of President William Lanier of Alcorn agricultural and mechanical college, was shot and killed from ambush on his plantation near Alcorn college. The assassin has not been apprehended.

the British vessels. Another story which is current, suggests that the fleet will proceed from Vigo to Gibraltar and assenble.

King Receives Russian Ambassador.
London, Nov. 1.—King Edward received Count Benckendorff, the Russian ambassador, at Buckingham palace this morning. The Tanager correspondent of Dalziel's says that the captain of the Baltic fleet vessels wounded in the North sea affray, died at Tangier hospital.

Long Conference Last Night.
London, Nov. 1.—Lord Lansdowne, foreign secretary, Lord Selborne, first lord of admiralty, and Count Benckendorff, the Russian ambassador had a long conference last night continuing till late. After the conference the summons issued for another cabinet meeting Wednesday. Rumors, not confirmed, are current today that a serious hitch has occurred in the negotiations regarding the North sea affair.

St. Petersburg, Nov. 1.—Everything indicates that both the Japanese and the Russian armies south of Mukden are ready for a resumption of hostilities, it indeed fighting has not already begun. General Kuropatkin reports that the Japanese have received reinforcements from the south and Pekingwangcheng. Their concentration seems to have been accomplished, and they are ready to resume the offensive both east and west of the railroad. There is no official estimate of the strength of the Japanese reinforcements, but correspondents place it at from 40,000 to 60,000. It is believed that the Japanese force has been very largely augmented both from Port Arthur where an engineering siege has been begun, and Japan, from whence it is understood, every available man is being drafted. It seems to be assured that the Japanese will be able to meet General Kuropatkin on almost if not quite an equal numerical footing. The mere fact that they are again threatening a double flanking movement indicates Field Marshal Oyama's confidence in the sufficiency of the force at his disposal.

It is believed here that the second battle on the Shakhé river will prove to be as much bigger and more serious than the first as the first was more serious than the battle of Liaoyang. General Kuropatkin is confronted by an exceedingly difficult problem. He is pitted against a Japanese force stronger, even despite its recent losses, than that first opposing his southern advance. If Kuropatkin now succeeds in checking or even breaking the Japanese formation, it will open large possibilities for the brief remainder of the present year's campaign. On the other hand, a Russian reverse would render the position exceedingly critical.

Japanese Attack Port Arthur.

Chefoo, Nov. 1.—The general assault upon Port Arthur, which began in a preliminary way Oct. 21, developed into a fiercely raging battle Sunday when the Japanese flung heavy forces against the fortress in their attempt to secure a commanding position. The result is unknown. In the opinion of experts the assault will cease when the Japanese have secured such positions as will enable them to creep steadily closer under the noses of Russian guns. It is believed that two more general assaults will be necessary before the distance between the belligerent lines is sufficiently shortened to make an attempt to enter the main forts and make the end of the siege practicable.

REMEMBER—You can subscribe for The Daily Advocate for as many weeks in advance as you wish and receive a guess for every 50 cents paid, or for The Semi-Weekly Advocate and receive two guesses for every year paid in advance, or one guess on every six months' subscription paid in advance.

If you are not already a subscriber to The Advocate, Newark's most enterprising and up-to-date paper, send in your name and 50 cents for a trial subscription of five weeks, and which will entitle you to one guess. If you are already a subscriber, send the paper to a friend for five weeks and receive one guess.

The award will be made by an impartial committee as soon as possible after the official vote is announced by the Board of Elections.

All estimates must be in The Advocate office before 6 o'clock p. m. on November 8th. All letters containing remittances postmarked before 6 p. m. November 8th, will be received and counted.

Make your estimates at once. Make as many estimates as you desire, the only condition being that each shall be accompanied by five weeks' subscription to The Daily Advocate or six months' subscription to The Semi-Weekly Advocate.

THE RAILWAYS

BUDGET OF INTERESTING NOTES OF LOCAL INTEREST.

Six Loaded Coal Cars Derailed—Inspection Trip—New Switch—B. & O. Route Change

B. & O. train No. 39 in charge of Conductor McGuire and Engineer McCormick met with a bad accident on Monday night about 7:25 o'clock and a half miles west of Havanna, on the Lake Erie division. Six cars loaded with coal were derailed, and the track was blocked for several hours. No one was hurt.

An Inspection Trip.
A special train with General Superintendent Foley, Superintendent Beidler and a number of the local officials are making an inspection trip today over the Lake Erie and Shawnee divisions of the road.

New Switch Established.
A new switch has been put in Kibler's siding, in the North End, at the west end of the double track, and the clearance is now 400 feet east of the telegraph office.

Callers' Ball.
The B. & O. railroad callers of Newark are making arrangements to hold one of the grandest balls ever given by them on Wednesday evening, Nov. 23. The dance will be held at the new Armory Hall, an idea music for the occasion will be furnished by the March orchestra. The committee of arrangements is composed of J. Wooley, Geo. Floyd, Wm. Millhaugh and Joseph Dublin.

Change on B. & O. Route.

It is expected that this week will see the completion of the new great half million dollar viaduct of the B. & O. railroad company through Bellaire. The structure when in shape for the running of trains marks the biggest change that has taken place in railroad circles for years. In speaking of the completion of the great structure the Wheeling News says: "The work of the viaduct at Bellaire and the immense change in the road leading west from Bridgeport means that the B. & O. will make it the main line of their traffic for the west. It is said that after its completion all eastern business of the B. & O. for Chicago will be diverted from the Newark division, over which it goes at present, and will go out over the new line. At least two of the present B. & O. passenger trains are scheduled to use the new line."

H. W. Grady, a former B. & O. engineer, now located at Canton, O., on the Wheeling and Lake Erie, is visiting friends in the city.

Railway Personals.

Henry O. Swern, a car inspector at the B. & O. shops, is unable to work on account of sickness.

Erakeman D. F. Phillips, after having been off duty for a few days, has returned to work.

Conductor J. E. Atherton has been marked up for service after having been off for a few days.

Erakeman F. R. Diehl is working again after having been off for a short time.

Erakeman A. L. Pollock is now on the C. O. local with Conductor Vandervort.

Conductor A. M. Shrigley has been marked up for service after a short absence.

Engine 2251 after having received heavy repairs in the erecting shop, has been turned out for service.

Conductor J. R. Coyte has been granted leave of absence for a short time.

Engine 1904 has been turned out of the round house after having received heavy repairs.

Erakeman O. Kullman who has been laying off for a few trips, has been marked up for service.

Erakeman C. W. Pollock after a short absence has returned to work.

Dr. W. L. Dick, company surgeon for the B. & O. at Columbus, has resigned his position. His successor has not yet been appointed.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Lys and Kidney troubles and General Debility." This is what F. F. Bass, of Fremont, N. C., writes. Only 50c at Hall's Drug Store.

PURITY.

Several from this vicinity attended the sale at Henry Victor's, near Martinsburg, last Saturday.

John Braden and Herbert Parr visited friends in Newark last week.

Mr. and Mrs. C. W. Marriott and daughter Burdette started last Friday to visit friends in Chicago and other parts of the west.

Wm. Larason and daughter Lilla, of Newark, took dinner with Mr. and Mrs. Sidney Larason, on their way home from the funeral of Mrs. Eliza Hutton at Martinsburg, Saturday.

Mr. and Mrs. L. N. Colville were in Columbus last Wednesday to see their little son, Hugh, who has lately undergone an operation at Dr. Leeds' sanitarium. The little fellow is doing finely and it is hoped the operation will prove successful.

WANTED FOR CHILDREN WHO ARE DEPENDENT.

Prof. Veysey Says Ohio Society Has Found Homes for 500 in the Past 11 Years.

Prof. Henry Veysey, field secretary of the Children's Home Society of Ohio is in the city for a few days, endeavoring to establish good homes for children.

This society whose object is to place dependent children in good private families as human, nonsectarian and philanthropic. In the past eleven years the Ohio society which is auxiliary to the National society, chartered in 20 states has placed 500 children in good homes. The National society has provided homes for 23,000 children. The children who are cared for by the Ohio society are obtained from 33 different institutions in the state, several having been taken from the Licking County Children's Home. Prof. Veysey says that he, in previous visits to Newark, the last being two years ago, has found good homes in this county for several children.

Those who are interested in this work, people who are willing to care for a child, or who wish to contribute to the work are invited to address Prof. Veysey, general delivery, Newark, Ohio, at once, or to write to Dr. F. H. Darby, state superintendent, 34 West First avenue Columbus, O.

CHILLICOTHE

Grand Jury Indicts Chas. Ballard of Columbus and Mrs. Gindelsperger for Murder.

Chillicothe, O., Nov. 1.—The grand jury has indicted Carl Ballard of Columbus and Mrs. Margaret Gindelsperger of Hanging Rock, O., for first degree murder. The crime alleged is the killing of Alex Gindelsperger, a wealthy farmer of Paint township, this county, near Greenfield, in July, 1896.

Transfer Ratified.

Guthrie, Okla., Nov. 1.—At the meeting of the directors and stockholders of the Missouri, Kansas and Oklahoma railroad here the action of the executive committee in completing the transfer of the new Oklahoma and Indian Territory lines to the Missouri, Kansas and Texas system was ratified. President F. N. Finney of the Missouri, Kansas and Texas, who holds the same position in the Oklahoma company, says that no action was taken upon the proposed extension. It was expected that new lines would be authorized.

Goes to Panama.

Minneapolis, Minn., Nov. 1.—George D. Brooke of this city, until recently superintendent of machinery and equipment for the St. Louis road, has been assigned to the engineering staff of the Panama canal commission under chief engineer J. F. Wallace, former general manager of the Illinois Central. Mr. Brooke will sail for the isthmus from New Orleans Nov. 11 or Nov. 13. His family will remain in Minneapolis.

Cortelyou Returns.

Chicago, Nov. 1.—The western headquarters of the Republican national committee will be in the hands of minor officials for the remaining days of the campaign. Chairman Cortelyou completed his visit to Chicago and returned to New York. It was announced that the purpose of the visit of Chairman Cortelyou was for the purpose of checking up accounts and for the general consideration of campaign expenses.

Noted Actress.

New York, Nov. 1.—Mrs. Marie Van Buren Overend, whose stage name was Kate Singleton, died at the Actors' home in West New Brighton of heart failure, aged 59. She was born in Maine and went on the stage in 1865, first playing in the Warren Stock company in Cincinnati. For many years she was in Augustine Daly's company.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible gripping so common to most purgatives," says R. S. Webster & Co., of Toronto, Ontario, Canada. For sale by all druggists.

Read the Advocate West Column.

Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I heartily recommend Lydia E. Pinkham's Vegetable Compound as a Uterine Tonic and Regulator. I suffered for four years with irregularities and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your Vegetable Compound cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you. Lydia E. Pinkham's Vegetable Compound is better than any doctor or medicine I ever had. Very truly yours, MISS EASY WHITTAKER, 604 39th St., W. Savannah, Ga."

No physician in the world has had such a training or such an amount of information at hand to assist in the treatment of all kinds of female ills as Mrs. Pinkham. In her office at Lynn, Mass., she is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own trouble who will not take the pains to write to Mrs. Pinkham for advice. Her address is Lynn, Mass., and her advice is free.

A letter from another woman showing what was accomplished in her case by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I am so grateful to you for the help Lydia E. Pinkham's Vegetable Compound has given me that I deem it but a small return to write you an expression of my experience. Many years suffering with weakness, inflammation, and a broken down system, made me more anxious to die than live, but Lydia E. Pinkham's Vegetable Compound soon restored my lost strength. Taking the medicine only two weeks produced a radical change, and two months restored me to perfect health. I am now a changed woman, and my friends wonder at the change. It is so wonderful. Sincerely yours, MISS MARTIE HENRY, 429 Green St., Danville, Va."

The testimonials which we are constantly publishing from grateful women prove beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

\$5000 FORFEIT If we cannot further produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

BROTHERS

Meet in Newark First Time They Have
Been Together in Past Twenty-
one Years.

On Sunday last, Messrs. William and Robert Shrock, of Newark, and Frank Shrock of Bradford, Pa., three brothers met in this city for the first time in 21 years that the three have been together. Each has seen the other two during that time, but Sunday was the first time they have met together.

A H. Lese of Fresno county put up his ranch for sale. He sold tickets to the amount of \$7,500. W. C. Wilkinson held the winning number, but Lese refused to surrender the ranch saying that Wilkinson had no rights in law, as raffling is gambling. But Wilkinson has found an old statute which provides for the confiscation of such property in the state.

NEWARK AND ZANESVILLE

Registration Figures Show the Rapid Gains This Town is Making on the Clay City--Reports of Official Registration Over the State of Ohio.

Zanesville's total registration for 1904 is \$22, but according to a special dispatch to the Advocate Tuesday morning, these figures do not include 700 women who registered. Another Newark paper has assumed that the 6829 registrations included 700 women and from these figures argued that Newark's population is as large as that of Zanesville. Multiply the number of registrations by four the population of Zanesville is found to be 27,316. Newark's registration, not including the 700 women who registered is 6141. Using the same multiple Newark's population is 24,564 or only 2,752 less than Zanesville.

In 1900 the official census gave Zanesville 25,328 and Newark 18,151 people. Four years ago Zanesville had 281 more inhabitants than Newark. Today she has but 2792 more.

These estimates are made from registration figures, but if the true facts could be shown they would prove that Zanesville has very few if any more people than Newark. Within the past few months many people have located in Newark to work in the factories who have not yet acquired a residence here and many who could have registered last month did not avail themselves of the opportunity.

Put, granting that the registration figures show the real population it will be seen that Newark has made

rapid gains on her neighboring city and if the gain keeps up but a short time, as it will, the old city by the muddy Muskingum will soon be left in the rear.

In Cleveland the total registration is 34,120 or 7076 more than one year ago. Mansfield's total is 6125 including women to the number of July 1, 1904. Portsmouth 4586, a gain of 213 over 1900.

Columbus has 38060 as against 34,161 in 1900. Columbus papers are estimating population multiply by five.

Dayton's total is 25,650, an increase of 2109 over four years ago. Women to the number of 5375 registered. Lorain has 4029. About 300 women registered.

East Liverpool reports 1794 men and 77 women.

Akron shows 12460. Four years ago the figures were 11,561. Women 250. Canton's official figures, \$791. The figures in 1900, 8107.

Tolcos registration is 35,257 as compared with 30,161 four years ago. Hamilton has 6779 an increase of 3137 over 1900.

Steubenville has a gain. The 1904 figures are 4997; 1900, 7524.

Springfield has 11,312 against 10,323 four years ago.

Sandusky, 4,911; in 1900, 4691.

Lima 675; four years ago 5622.

Youngstown 12,124; in 1900, 10,684.

WEDDING A SECRET

Dame Rumor is Busy Telling the Names of Contracting Parties--Minister Promised Not to Report Marriage to Court for Thirty Days.

A wedding took place at the residence of Rev. T. A. Cosgrove a week ago last Saturday, which has aroused more than usual curiosity, because of the determined efforts of the couple to keep the marriage a secret. In fact, the connection a good story is being told. The couple came to the parsonage in the afternoon, stated their misdeed and produced the license.

The minister wanted another witness besides Mr. Cosgrove, and stepping across the street asked a neighbor to come and serve in that capacity. The groom-to-be noticed through the window who the lady was and promptly objected, saying that she knew him, and he wished to keep the wedding a secret.

There was nothing to do but ask the witness to return to her home, and another was secured to whom the groom was not known.

The couple asked Mr. Cosgrove to keep their marriage a secret for 30 days, the limit set by law, after which a return must be made to the Probate court.

When the story was told Dame Rumor became very busy with the names of several couples, prominent in Newark's society circles. However all was hush and nothing is definitely known as to who the contracting parties were. The minister promised them that he would not divulge the affair for 30 days, and is stopped from giving any information.

Those who have been mentioned as the probable bride and groom belong to a certain social set, and it is known that when the marriage is announced there will be considerable surprise, as

the parties do not belong to that set. After the ceremony the groom went out the back gate, while half an hour later a hack came and took away the bride.

RECTOR-LOVELL.

At the Lutheran parsonage, 147 Hudson avenue, on Monday afternoon at 2.30 o'clock, Mr. George M. Rector of this city and Miss Mary Lovell of Centerburg, were married by the Rev. J. C. Schindel. Mr. Rector has recently purchased a fine farm near Martinsburg, to which place the newly wedded couple will go and will make their future home.

SMITH-JONES.

At 3 o'clock on Monday afternoon Mr. Ray C. Smith of Belle Center, O., and Miss Violet Grace Jones of Rocky Fork were married by the Rev. J. C. Schindel, at the Lutheran parsonage, 147 Hudson avenue. The happy couple were accompanied by Mrs. Zett Scott of Fallsburg, a sister of the bride. Mr. and Mrs. Smith left for Columbus, where they will visit friends for a few days, after which they will go to Texas, where Mr. Smith has purchased a valuable farm, and where they will make their future home.

STATUE

Of Frederic the Great Placed on Its Pedestal in Washington--Kaiser's Gift to United States.

Washington, Nov. 1.—Emperor William's gift to the American people, the bronze statue of Frederic the Great, was placed on its pedestal on the esplanade of the army war college at 10 a. m. The members of the German embassy staff were present and were given a private view of the statue. The statue will be unveiled until the ceremony on Nov. 19, when it will be unveiled by the German ambassador, the Baroness Seckel-Sternburg, and will be formally presented by the German ambassador. Many German societies in various parts of the country will send delegates to represent them.

BLINDED

By Vitriol Thrown into Her Face by an Unknown Assailant Was Miss Kalb.

York, Pa., Nov. 1.—Blinded and with the flesh burned from her face and neck by a large quantity of vitriol

dashed in her face by an unidentified assailant, Miss Nannie Kalb, of this city, was found lying on the sidewalk near her home screaming from pain last night. An ambulance was hurriedly summoned and she was taken to the hospital.

After her wounds had been dressed, Miss Kalb said she was attempting to shut the alley gate of her home when the vitriol was thrown into her face. She could give no clue to the identity or sex of her assailant.

Ex-Governor James E. Campbell will speak in Newark next Saturday afternoon at 2 o'clock. The meeting will be out of doors if the weather permits.

ACCIDENTS

RESULTED FATALLY FOLLOWING HALLOWEEN PRANKS.

Policeman Kills Man at Chicago--Lad Killed in New Jersey--Boy Fatally Burned.

Newport, Ky., Nov. 1.—Residents of Newport were witnesses of a horrifying spectacle last night, when Henry Barker, a twelve-year-old boy, was caught in a blazing barrel cradled with pain, eluded pursuers who were endeavoring to assist him, and ran for half a block before he was stopped and the barrel torn from around him. The boy was probably fatally burned.

A number of boys had a Halloween bonfire, and the barrel, with only one end knocked out, was on the top of the burned pile. It toppled and fell, covering the Barker boy, who was so frightened that he started to run, before his playmates could help him. His skin was burned to a crisp from head to foot.

Chicago, Nov. 1.—As the climax of a Halloween prank, William Sears, 33 years old, was mistaken for a thief shortly after 1 o'clock this morning and was shot in the back and instantly killed by Policeman Nicholas Smith. Sears and Frank McKune, 18 years old, were passing through an alley in the rear of Engine House No. 42 at Illinois and Franklin streets, when they were seen by the policeman. They carried between them a basket and Smith said later he thought they were thieves. Calling to the men to halt, the policeman says they paid no heed to him, and Smith fired.

Westfield, N. J., Nov. 1.—Shooting to scare away Halloween merry-makers, Harold Wilcox, a prominent citizen of this place, shot and killed John Darling, 11 years old. The bullet struck the boy in the mouth and entered the brain.

When the bullet hit him, the boy ran forward about 50 feet and then began to stagger. He then turned and ran across the street to the far sidewalk and then again turning, he staggered diagonally back across the street into the group of children at most to the spot where he was hit, and then fell dead. He was carried to Mr. Wilcox's home and Mr. Wilcox telephoned for physicians but their services were useless. Mr. Wilcox, who was placed under arrest, is prosecuted.

WILTED

WHEN HIS ELUFF WAS PROMPTLY CALLED

Republican Chairman, Earl Murphy, Lost Confidence in Wright's Election Over C. L. Riley.

Mr. Earl Murphy, the clever but misguided chairman of the Republican County Central committee, is not so sure of the election of J. N. Wright, the Republican candidate for county auditor, as he was a few days ago. Mr. Murphy had been telling around that he was willing to bet two to one on Wright's election. Deputy Auditor Sam C. Bell heard of Murphy's deft and lancing up the young man offered to bet him \$10 even (not wanting to take advantage of him) that C. L. Riley would be elected county auditor. Murphy accepted the offer and said that he had never of more money to bet on the same proposition. Mr. Bell then offered to bet Mr. Murphy another \$10, but Murphy wilted. About this time County Recorder J. W. Rutledge stepped in and offered to bet Mr. Murphy any sum from \$10 to \$1,000 that Wright would not be elected auditor. But by this time Murphy had lost what "confidence" he had and concluded to keep his money in his pocket, and not bet any more.

FRANCHISE

IS WANTED BY A. H. HEISEY & COMPANY.

Question to be Voted on One Week From Today—What the Proposition Means.

There are many voters in Newark who do not understand the proposition of Mr. A. H. Heisey, who is seeking a franchise to lay pipes through the city of Newark to furnish natural gas to the citizens, which question will be submitted to the electors on November 5th.

This proposition is very simple and can be explained in a few words.

The statute provides that in cities where there is already one gas company in operation, before a franchise can be granted by the city council to a second company the question must be submitted to a vote of the people. When Mr. Heisey applied to the council for a franchise this statute was followed out and a resolution to refer the question to the qualified electors, was introduced and passed. This was necessary as there is already one gas company operating.

Should the question be decided affirmatively by the voters next Tuesday the council may then grant the franchise upon conditions agreed upon between that body and Mr. Heisey. Mr. Heisey has not yet submitted any franchise proposition, but this will be a matter of detail to be arranged between him and the city council. It is understood that his general proposition is that another company operating in Newark will create competition and reduce the price of natural gas to consumers.

NEWARK MAN

Badly Injured by Being Thrown From His Horse Near Trinway, Ohio.

Anderson McCannell, a well known man of this city who resides at 33 South Sixth street, met with a very bad accident while at his farm, near Trinway on Sunday evening. He was riding a horse and in passing a large pile of white stones, the animal frightened and suddenly whirled around and threw Mr. McCannell with great force to the ground. Mr. McCannell held on to the reins and was dragged a short distance before he succeeded in stopping the horse. In falling Mr. McCannell broke his left collar bone, and was kicked in the right side by the horse. The injured man returned to the city on Monday evening and his injuries were attended to by Dr. Carl Evans.

BASKET BALL

STRONG TEAM TO BE KNOWN AS Y. M. C. A. TIGERS

Organized Last Night and Captain and Manager Elected—Practice Begins at Once.

Newark is to have one first grade team in basket ball this year. Last night the fellows named below met in the Y. M. C. A. for the purpose of organizing a team and electing captain and manager. These things were accomplished. The team is to be known as the Y. M. C. A. Tigers. Mr. Stanley Stader was elected manager and Mr. James Bell captain.

The eight men comprising the team are quick and strong and should develop into an exceedingly fast bunch of players well able to cope with any team of their size or age.

Manager Stader was instructed to arrange games at once. Practice will be commenced Wednesday evening in the association gymnasium.

The following men constitute the team: Frank Lewis, Walter Gardner, Will Young, Harry Rosebrough, Fred Pryor, Stanley Stader and Captain Bell.
